About United Living Foundation (ULF):

Born out of a will of the Founder-Trustees to support the marginalized and underprivileged communities, United Living Foundation strongly believes in the motto- "Live, Love and Do", meaning working tirelessly to make a difference to the world around us, in whatever ways we can. Through our work with the vulnerable communities, we strive to bring about a positive difference to their lives. We are a registered charity under the Bombay Public Trust Act 1950, with the Registration number: [REDACTED]

Vision: A world where philanthropists shall work and support the people from underprivileged backgrounds

Mission: To provide a platform for philanthropists to support women, children and senior citizens from marginalized backgrounds.

Our Current Initiative in the times of Covid-19

We are seeking your support!

Come, join hands with us to do your bit to beat Covid-19!

At United Living Foundation, we have been witness to the **catastrophic impact of Covid-19** in the lives of the marginalized and vulnerable communities in Mumbai. The pandemic has resulted in an unprecedented scale of human suffering. While we safely sit in our homes and wonder what to cook next or what to watch next, a large number of people do not have what we have.. NO FOOD..NO SHELTER..NO CLOTHING..NO ONE TO GO TO...

These are the people who used to once work FOR US! **It's time we ensure their basic needs are met, it's time we join hands and fill the huge gaps in their day-to-day survival. It's time we come together and bring them out of their suffering.**

Your support can help them! Your support is much needed!

Problem at hand: Enhanced vulnerabilities of the homeless population in Mumbai due to Covid-19. Neither do they have savings, social support nor are they able to access food, water and proper care of the health and hygiene. Lack of access to basic necessities increases the negative coping strategies making them more vulnerable and prone to be infected very easily by COVID-19.

What we can do? In such a critical situation where they are exposed to health hazards, we need to come forward to help them face the new threat and survive in this catastrophe. With your support and our efforts, we can ensure that the needy and homeless people living in the open on street and in the shelters do not sleep hungry and that their basic needs are met.

How we can do this? We are providing Emergency Kits to these vulnerable individuals and families under our project- ULF Covid-19 Relief Project. Each kit contain the following necessary items that can help these families in these difficult times:
